For the admission into the union of Idaho, New Mexico and Wyoming.

The number of bills introduced under the call was 1,061. Many of these are duplicates, if not in language, at least in the subject matter of their provisions. The deaths of James Laird, of Nebraska, S. S. Cox, of New York, N. W. Nutting, of New York, and R. W. Townshend, of Illinois, were announced to the house, which as a mark of respect to the memory of the deceased adjourned until Friday.

Senate Confirmations.

WASHINGTON, December 18.—Among the confirmations of nominations to-day in the senate was that of David J. Brewer of Kansas to be associate justice of the supreme court, by a vote of 52 to 11. William Walter Phelps, to be minister to Germany; Thomas H. Anderson of Ohio, to be minister to Bolivia, Frederick Douglass, to be minister to Hayti, A. Loudon Snowden of Pennsylvania, to be minister to Greece, Frank W. Palmer of Illinois, to be public printer; and a number of consuls, including Warner P. Sutton at Nuevo Laredo and Archibald J. Sampson of Colorado at Paso Del Norte.

News from Zanzibar.

ZANZIBAR, December 18.—Capt. Trovier, the French explorer, arrived here after crossing Africa from Loango on the west coast. He travelled by way of the Shire river and stated that the Portugese are displaying extraordinary aggressiveness along the river.

Emin Pasha is entirely out of danger and making rapid progress toward recovery.

The details of the events just previous to the execution of Bushiri, the Arab leader of the insurgents in revolt against the Germans, show that there had been an engagement between the Germans and Bushiri's forces, in which thirty of the latter were killed. Bushiri was captured by Wasegua and surrendered to Captain Wissman, when the former received a reward of 10,000 rupees. At the banquet given Monday night to Henry M. Stanley by Coleman Smith, the British consul general, Stanley highly praised the Zanzibarians who accompanied his expedition. When his men were starving in the forests the Zanzibarians collected fungi which kept the Europeans alive. The Zanzibarians touched nothing until after the Europeans had eaten.

The Indian community here to-day presented Stanley with a silver casket, containing an address praising his energy in opening Central Africa to commerce. Stanley gratefully thanked them for the unique compliment and dwelt upon the prospects for the early commercial development of the British East African company's territory. He urged the importance of connecting Mombassa on the coast with Victoria Nyanza by a railway which would pass into the heart of a region all parts of which teemed with a dense population and would consequently open for European manufacturers vast markets now dormant or unknown.

Cushing is Whipped.

NEW YORK, December 18.—A kid glove fight to the finish between Mike Cushing and Austin Gibbons took place this morning near Stamford, Conn. Three hundred persons witnessed the contest including John L. Sullivan. Gibbons was in the pink of condition but Cushing was far from it. Cushing imagined he was going to have a walk over and drank freely to within an hour of the fight. The result was he got pounded all over the ring and knocked down again and again. Seeing he was in for it, Cushing tried to lose the fight on a foul, striking foul blows repeatedly and failing to get a decision on that butted Gibbons with his head many times. But Dominick McCaffrey was referee and would not allow him to get off in that way and at one time in the fight Gibbons held Cushing off with one hand and smashed a couple of his enemies outside of the ropes. In the twenty-fourth round Gibbons knocked Cushing out.

Postmasters Appointed.

WASHINGTON, December 18.—The president has transmitted to the senate the following nominations as postmasters:

Adam D. Cooper at Canon City, Colo.
Jacob M. Buzzard at Silverton, Colo.
Alphonze P. Learned at Port Townsend, Washington.
Frank E. Harding at Park City, Utah.
John Kosmler at Las Vegas, N. M.
James E. Whitson at Telma, Cala.
Wm. E. Sucker at Yuba City, Cala.
Moses Bradshaw at Aspen, Colo.

COLDWATER, Mich., December 18.—A sensation has been created here by the disappearance of Dr. P. P. Nichols, formerly mayor and at one time register of deeds. It is alleged that Dr. Nichols' business methods have impoverished several families, among them needy widows and old soldiers. He is presumed to have gone to Canada. His debts are estimated at upwards of $20,000.

Quiet in Brazil.

NEW YORK, December 18.—The steamer Cyril arrived from Brazilian ports today and reports that business is going on just as before the revolution. The citizens are tearing down all the emblems and coats of arms having any connection with the imperial government. All the streets which bore names akin to royalty have been changed to conform with republican ideas.

Prohibition Convention.

OMAHA, December 18.—The inter state prohibition convention of Kansas, Iowa, North and South Dakota and Nebraska, assembled in this city to-day at Exposition hall. Very little local interest was manifested.

Expelled From the League.

NEW YORK, December 18.—The Brotherhood Base ball league to-night expelled Glasscock, Clarkson, Denny, Miller, Beckley, McKean, Beatin, Buckley, Boyle, Clements, Gleason, Schriver, Sommers, Mulvey and Delehantey.

The Association Dissolved.

CHICAGO, December 18.—The Western States Railway Passenger association was dissolved at a meeting of the general managers this afternoon. Ten days ago at a meeting the matter of the continuance was put in the hands of the general managers because of the withdrawal from membership of the Burlington and Northern and Minneapolis and St. Louis. These roads absolutely refused to remain members unless the Wisconsin Central showed up its secret contracts on the passenger business in accordance with agreement. This the Wisconsin Central refused to do and to cap the climax to-day it absolutely refused to remain a member of the association unless it were allowed differential fares and unless the fast trains on the direct Chicago and St. Paul lines were withdrawn. A resolution was almost immediately passed dissolving the association and throwing the whole blame on "the preposterous demands of one of its members."

It was also voted impossible to form any new association unless the Wisconsin Central moderated its demands. The Western States association has been the largest, and most important in a rate preserving sense, of any passenger association in the country. It is deemed almost impossible to maintain rates without the influence of an association and the western and southwestern lines will undoubtedly form a new association leaving the northwestern lines to fight out their own salvation.

Arrested in the Act.

DENVER, December 18.—The detectives last night arrested Fritz E. Newman alias Ernest Hoffman while trying to dispose of indemnity bonds amounting to $30,000 which were destined for the Anglo-Nevada Assurance corporation of Chicago.

The bonds had been sent by Frith & Zollars, insurance agents of this city, to Chicago and are supposed to have been stolen from the Wells Fargo express while en route through K... Newman's story is that while coming west on a "blind baggage" he met another tramp at Limon, and the two came to this city together. On arriving here the stranger gave him the bonds to sell and while attempting to dispose of them he was arrested. He declares he did not know they were stolen. The stranger cannot be found and the police put no confidence in the story.

Paying the Members.

WASHINGTON, December 18.—Representative Payson to-day introduced a bill appropriating $75,000 to be immediately available for the purpose of paying members of congress their salaries lost by the Silcott defalcation. It charges the investigating committee with the duty of transferring the assets of the office to the United States treasurer, who shall be entrusted with the disbursement of the same. Any private deposits of members found in the safe are to be held by the treasurer subject to disposition by the court of claims.

The tariff bill introduced in the house to-day by Representative Dockery includes those sections of the Mills' bill relating to timber and wool, wool and woolen fabrics, and carpets and clothing.

Motion to Quash.

DENVER, December 18.—The attorneys for Secretary of State Rice and Collier & Cleveland yesterday filed in Judge Allen's court a motion to quash the indictments against them for conspiracy. The grounds cited for the quashing are that the indictment does not state the means or the representations or pretenses by and through which the defendants conspired to defraud the state, that the indictment does not state facts sufficient to constitute an offense against the laws of the state, and that the matter set forth in the indictment does not constitute an offense against the laws of the state. The motion will be argued on the 21st.

Fruit Dealers Fail.

CHICAGO, December 18.—The Meade-Van Bokkelon company, dealers in California fruit, failed to-day. The liabilities are from $250,000 to $275,000, and the assets much less. The store was closed on judgments aggregating $50,000. The company was weakened a year ago by the failure of Geo. W. Meade, the millionaire California fruit and wine man. It is said that the business, though large, has been very badly managed.

The West End Scandal.

LONDON, December 18.—As a result of the secret examination in connection with the West End scandal, a summons has been issued for the arrest of Solicitor Arthur Newton, Clerk Taylor and Interpreter Degalis for conspiring to defeat justice. It is understood that Newton assisted the proprietor of the Cleveland street house, in which the scandal occurred, in reaching America.

KANSAS CITY, December 18.—Miss Maud Curran, who has been supposed to be one of the most faithful workers for various charitable associations of this city, was arrested last night for shop lifting. The police found over $1,000 worth of goods stored in her residence.

"He was," said Mr. Postock, "a man of the most ... naturally cheerful and of sanguine temperament and no one can convince me that he took his own life. I look for startling and sensational developments in the case before it is dropped," added the speaker.—Denver Times, Nov. 17th.

After reading the above a GAZETTE representative called upon Mr. H. D. Fisher, treasurer of the Pacific Coal and Coke company, which controls a large part of the anthracite coal land of the state, and questioned him concerning the matter. Mr. Fisher was very guarded in his answer, and apparently knew more than he was willing to tell. He said that he had heard of the scheme but was not at liberty to state what he knew. He thought the article a little wild in its statements, as it would not require thirty millions to control the anthracite coal fields of the west. He knew of no syndicate that proposed to attempt to control both the bituminous and anthracite coal of the west. He stated that the only anthracite coal known in the country, outside of Pennsylvania, is in Colorado and it was entirely possible for a syndicate to control it, but he did not think it possible for any syndicate to control both kinds of coal.

MANITOU SPRINGS.

Dr. R. F. Baker, a prominent physician of Davenport, Iowa, is a guest at the Cliff.

Stone masons are now at work building the stone wall around the small triangular plat of ground in the centre of Manitou. The wall is to be three feet high and surmounted with a coping of sand stone.

Mr. Dan Rupp has returned from his trip in the south. He has been absent about two months, spending a large portion of the time at Pass Christian, on the Gulf of Mexico, near New Orleans. He was a guest at the magnificent hotel managed by Mr. H. T. Blake, who is also manager of the Iron Springs hotel in Manitou. Mr. Rupp is delighted with the south and though he saw no place that can compare with a Colorado town for active business, says if he is ever so fortunate as to retire from business, he would wish to spend his last days breathing the balmy air on the coast of the Gulf of Mexico.

A GAZETTE representative was permitted yesterday to overlook the exhibit of fine furniture which the De La Vergne Furniture company will open to the public to-day. As it is well known by this time the company has recently begun business in the Park block on South Tejon street. Yesterday the car of furniture arrived and was opened. It includes the very latest in designs and makes of handsome household goods. Among the goods were noticeable some handsome chairs, covered with the richest damask, oak hall trees and some new styles of dining room and library tables, side boards and chamber sets. Nearly all the goods run to light woods and are highly polished. What is known as square finish prevails this year in fashionable furniture. The company will show one of the handsomest windows in the city this Christmas. It consists of a tree standing in a miniature garden, handsomely laid out and filled with coral. Part of the window will be fitted up as a parlor, and the rear as a bed chamber. Beginning this morning the company will be ready to transact business or show goods.

The sale of H. H. Stevens' livery business was consummated yesterday to J. R. Bischoff, lately of Cincinnati. The price paid was $8,000, which includes only the live stock, carriages, harness, etc. The real estate is the property of Mr. F. L. Rouse, but the business is to be continued at the old stand. The building is to be remodeled and an addition made in the rear, so that when done, it will be one of the most complete livery barns in the city. Mr. Stevens has been connected with this stable for many years, beginning in a small way, and by careful business methods gradually increasing the plant to its present proportions.

Papers were filed with the county clerk yesterday stating that the Kansas Town and Land company proposes doing business in this state with principal offices located at Colorado Springs, and that W. J. Lawrence is the authorized agent. C. F. Jilson, a prominent Rock Island official, of Topeka, Kansas, is the secretary of the company.

The English actress Sophie Eyre supported by a strong company, is booked to appear at the opera house next Monday evening. Miss Eyre was for several seasons leading lady for Lester Wallack at his New York theatre.

A bill has been introduced in the senate to give the District of Columbia direct representation in congress. As far as the needs of the case are concerned they are not very apparent. None of the states of the union receive the amount of attention from congress that the district does.

The Leadville Herald Democrat appeared on Tuesday in a new dress and with its size increased to a seven column, eight page paper. It is bright and newsy and generally well edited. The paper is one of which Leadville people can well be proud. It is the best evidence of the progress and prosperity of the Cloud city.

Speaker Reed deserves much credit for the promptness he has shown in choosing and announcing committees. It is proper that the greatest care should be taken in the selection of the committees but former speakers have often unnecessarily delayed the announcement of them and thus delayed the work of the house. Mr. Reed has always been noted for his prompt and industrious methods, and he will furnish a good example for a body of statesmen not noted for their industry.

The cutting of the electric light wires in New York, while it imposes some hardships on the people who depend on the wires for their light, seems to be the only way to bring the companies to a realization that they cannot longer defy both public opinion and the law. It will not take long for the wealthy corporations to put their wires under ground when they see that they must do it or go out of business and the safeguard to human life which will thus be secured will amply repay the people for the temporary inconvenience the cutting of the wires causes.

The Smithville (Ga.) Blade complains that republican newspapers promised prosperity in every line of trade and every walk of life if General Harrison was elected to the presidency. The Blade claims that while General Harrison has been elected, the promised prosperity has not followed and as proof of this offers the fact that its circulation has fallen off more than one hundred subscriptions. The Blade is to be sympathized with in this terrible misfortune of a decreasing circulation. It is an awful thing for the starving proprietor of a country newspaper to regard. But it can hardly be charged up to either the account of President Harrison or the republican party. The wisdom of the former subscribers is probably to blame.

The GAZETTE will on New Year's morning, as usual, publish a list of the prominent buildings erected during the past year, with other statistics showing the progress of the city. For some days representatives of the paper have been among the contractors looking up the work, and a majority have kindly responded by furnishing lists of the work done. During the year, however, there have been many buildings erected by citizens by days' work or otherwise, and the contractors, of course, do not take account of them. As it is important to the city that the list should be as large as possible it is hoped that persons who know of any such work will report it at the GAZETTE business office immediately. If there are any contractors who have been overlooked it is hoped they will hand in their lists.

Mr. Grady's late Boston speech was one of the ablest efforts the Georgia editor has ever made. It was eloquent and spirited but conservative and full of good common sense. The south's side on the negro question has seldom been more ably presented and seldom with less prejudice. It is only a few weeks since another distinguished citizen of Georgia, General Gordon, discussed the same subject before a Chicago audience with the same good feeling, and with scarcely less ability. These two speeches are subjects for congratulations both north and south. The frequent presence of the Gradys and Gordons of the south at northern dinner tables and on northern platforms and of the brains and intellect of the north at southern dinner tables and on southern platforms will soon blot out Mason and Dixon's line and result in a long step in the direction of a solution of the negro question. We have had a good many years of face making across the line with results which are not to be regarded with satisfaction. What we want now is face to face talk.

The defalcation of Cashier Silcott will not be without good effects in several ways. It will undoubtedly help the extradition treaty, which Sir Julian Pauncefote and Mr. Blaine have drawn up, through congress and it will probably lead to a much needed reform in the methods of the sergeant-at-arms' office. Apropos of the loose way in which business is done in that office the Washington correspondent of the Philadelphia Telegraph gives the following incident:

Flower recalls how uneasy he once made the sergeant-at-arms, when he was formerly in the house, by refusing to receive his pay for a period during which he was absent from the house without leave. It is distinctly a violation of the law to pay members for any time they are away from the house without leave, but there is probably not a case on record of the pay having been withheld on account of such absence. When Flower was formerly in the house he was at one time absent for about two weeks without leave, and when the sergeant-at-arms settled accounts with him he refused to receive the money for the time he was absent. The officials insisted that he ought to take the money, as was the custom, but, as the millionaire congressman refused, he let the matter drop. In a day or two, however, he came back with the money and insisted that it must be taken and receipted for. Flower still refused to take it. "But you must," the official insisted. "If you do not it will cause a deal of trouble. A great many other members have been absent without leave, as the records will show, and they have all got their pay just the same. If your pay is deducted for absence the money will have to be covered into the treasury, and the question will arise why were not similar deductions made in the cases of other absentees. This will make it awkward all around." Still Flower would not take the money, and it was covered into the treasury. It is probable, however, that the reason for his refusing it was not made known to the auditing officers.

Russian Influenza.

BOSTON, December 18.—There are a dozen cases of influenza in Boston and there is good reason to believe it will become general.

NEW YORK, December 18.—A number of new cases of Russian influenza have been reported. To-day's report shows a broker and a police captain among the sufferers.

Stock Market.

NEW YORK, December 18.—There was the usual quietude in stocks to-day and the usual preponderance of new special stocks in the dealings but the bears resumed control of the quotations and the tone of the market underwent a change for the worse, though the impression made upon values was generally measured by small fractions only. Sugar refineries were as usual the great feature of the market and they were hurt by the growing impression that the recent sales had been for inside accounts.

World's Fair Committees.

WASHINGTON, December 18.—Committees representing Chicago, St. Louis, New York, and Washington, met to night for the purpose of agreeing upon a common plan to be presented to congress for the world's fair, leaving the question of site to be decided in congress. COLORADO COLLEGE

There are a number of new students expected after the holidays.

Regular college work will commence Thursday morning, January 2d, at 8:30 o'clock.

The class in Constitutional History of [illegible] has finished the [illegible] text.

Mr. J. M. Abbott will spend the two weeks vacation at his home in [illegible].

[illegible] this week the [illegible] Mr. [illegible] on the [illegible] of January 11.

[illegible] have been placed in [illegible] buildings [illegible] in the [illegible] of the laboratory.

Mr. [illegible], the general [illegible] of the [illegible] Independent, has been absent on account of sickness this week.

[illegible] and [illegible] two weeks [illegible] principal [illegible].

The next regular meeting of the [illegible] Society will be held January [illegible] and will present a programme which will [illegible] the location of [illegible].

Most of the students living in the state will go to their homes, a few of the students will spend the vacation on a ranch while others go to the Capital city [illegible].

President Slocum will deliver a lecture in the interest of the college in Pueblo next Friday evening, and will speak at the First Congregational church of Denver Sunday morning.

The college Y. M. C. A. reading room at the [illegible] story is a cosy, comfortable room and has been well used by the students. The quality of the reading matter to be found upon its tables is excellent.

Instructors in all departments report very satisfactory work from their classes during the past term, harder and better work having been done than during any same number of weeks before in the college.

The college tennis club has secured the courts on the corner of Tejon and Willamette, belonging to the athletic association, where they will meet for regular games during the good weather of the future.

Manager Thompson of the foot ball eleven will take his team to Denver for a game on Christmas. Better playing may be expected in the next game, as the "off" day of the team is not expected to fall upon that date.

We must have the girls' hall, and that right soon. Every week impresses this fact upon the management with additional force. After the erection of that much needed building, the matter of new and larger class rooms will arise of itself. Verily, the college grows.

Post [illegible] drill is putting our cadets into soldierly shape, and the college may well be proud of its military company. Captain Bayley is evidently up on tactics, and the boys find it work instead of play when the order to "fall in" rings out.

The college is to be represented in the oratorical contest at Denver, January 4, held under the auspices of the Scott-Saxton College of Oratory, by Mr. Guy M. Kerr and Miss Marie E. Jolly. The first prize is a cash amount of $25. This is a most coveted one and one that will reflect credit upon our institution, as it will be remembered that both Mr. Kerr and Miss Jolly did exceedingly fine work in the local contest held last spring.

DON'T PAY RENT.

We are selling our installment houses very rapidly, and many men who have paid out hundreds of dollars for rent are now applying the money toward paying for their own homes. To buy on installments is good policy, even if the property did not advance, for it enables the buyer to save his money, but there is a steady and sure advance in value on every foot of property in this city. The best installment bargains on our list at present are as follows.

New 4-room house on Rio Grande, just west of Tejon, for $[illegible]. Terms $[illegible] cash, and $[illegible] per month.

New 5-roomed house, pantry, closet, cellar, stable, water, on lot [illegible] feet, Patrick's, for $[illegible]. Terms $[illegible] cash and $25 per month. Will take some good horses in trade for this.

New house [illegible] rooms, closet, cellar, [illegible] lot, on Weber [illegible] Terms $[illegible] cash and $[illegible] per month. A bargain.

Two 25 foot lots, [illegible] 4 room house, for $[illegible]. Terms $[illegible] cash and $[illegible] per month.

New house of 4 rooms, 2 closets, brick walled cellar, water [illegible] outbuildings, [illegible] for $[illegible]. Terms $[illegible] cash and $[illegible] per month. This a dandy.
